1. CALL TO ORDER:

2. CITIZEN COMMENTS:

Members of the public are invited to comment on any items not on the agenda (five minutes per person time limit, please). Comments relating to specific items on the agenda should be deferred until that point in the meeting.

3. NEW AGENDA ITEMS:

Pennsylvania Act 65 requires the posting of agendas on the Township website 24 hours before a meeting and only allows items to be added to an agenda after a vote of the Board of Supervisors.

If the Board has items they wish to add to the agenda, this would be the time to discuss that.

4. BUDGET REQUESTS FROM THE PUBLIC:

Members of the public have been invited to make their formal budget requests to the Board. In 2026, the Township funded the following:

- \$200 to the Get Outdoors Day event (billed twice)
- \$1,478 to the Spring Creek Watershed Commission
- \$2,000 to Keystone Water Resources

The Township also funded 25 percent of the Penn State Campus Weather programing on C-Net.

We have received the following funding requests, which should be discussed by the Board for the 2027 budget:

Written or verbal requests have not been received for these items but the Board has approved funding in previous years:

- \$100 to Get Outdoors Day Event

The 2027 budget includes \$11,567 to the Boalsburg Heritage Museum (this represents the .05 mills annual contribution the Board approved in 2013).

7. POTENTIAL CHANGES TO THE CONTRACT WITH THE STATE COLLEGE BOROUGH POLICE DEPARTMENT:

Police Chief Joseph Merrill recently contacted the Township about potential changes to the police contract between the Township and the Borough. Chief Merrill is proposing that there be a change to the way that billing is conducted. Any potential changes, if agreed to, would impact Harris Township and College Township.

Currently, the Township pays for a set amount of police service each year, which is currently based on 76 hours per week. After the year's end, the Borough reconciles the actual costs of providing police services for the prior year. This will result in either a refund or a supplemental bill, based upon actual usage. The supplemental bill can be based upon a premium hourly rate, which is higher than the regular rate.

Chief Merrill is proposing that the Borough continue tracking service hours but

discontinue the reconciliation process. This would eliminate the potential for additional charges or refunds to the municipalities. It would also simplify the process for Borough Staff.

The Chief noted that the agreement could also include a threshold for actual hours spent. For example, if the police hours exceeded or fell short by a margin of 10% of budgeted time, those costs could either be charged or reimbursed based on approved the hourly rate.

The Board should discuss the proposal so that feedback can be provided to the Borough.

Recommendation: Discussion Item.

8. CRPR DRAFT OPERATIONS AND MAINTENANCE AGREEMENT:

At their August 26th meeting, the Parks and Recreation Governance Special Committee forwarded the draft Memorandum of Understanding for Parks Operation and Maintenance to the municipalities for comment. Comments are due November 6th. A copy of the agreement was also provided to the Parks and Recreation Advisory Committee for their review.

Recommendation: Discussion Item.

9. ADJOURNMENT:

Our next budget hearing is scheduled for October 28th at 7:00 PM. We will discuss the maintenance budget and the personnel budget.
